

Your Aligned Business 6-week Plan

This flexible plan is designed around you and your business needs. Together we will work through some, or all, of these areas over the course of 6 weeks. You can choose how many areas you want to focus on, or we can explore them each in turn.

1

Values & Purpose

We explore your own personal values and what brings you a sense of purpose, and how these form the foundation of your business

2

Passions & Superpowers

In this session we will review your strengths as well as what really excites you, to inform your business plan and how you operate

3

Mission & Vision

We clarify your personal mission and how this can be expressed through your business to create a clear vision for what you want to achieve

4

Message & Impact

This is an opportunity to explore your overarching message and who you want to positively impact through your business

5

Offering & Expression

In this session we get a deeper understanding of your core business offering and how you want others to experience it

6

Connection & Expansion

In this final session we look at ways of connecting with your clients and expanding your reach in a way that feels authentic and aligned
